

Moving Forward

▶ ▶ ▶ in an Ever-Changing World

Annual Appeal 2021

The ongoing pandemic has been challenging, yet we remain committed to responding to the ever-increasing demand for our services. Our Agency has adjusted to numerous modifications throughout the pandemic; however, these changes have come at a cost. Our funding sources have not kept up with the rising expenses of PPE, insurance, maintenance, technology, staffing and everyday necessities.

As the Agency continues to adapt to our ever-changing world, and technology evolves, we are determined to move forward to create the best learning, therapeutic and healthy environment for our most vulnerable citizens. We are providing our children, clients, and families with new and exciting resources to move forward in a technology driven world.

We rely on our friends and families to partner with us to help sustain and enhance our programs and services. Unrestricted funds allow us to allocate resources where they are needed most during the current year. We hope you will join us in our mission to help individuals with significant complex physical and developmental disabilities to reach their fullest potential and highest level of independence.

Your gift will help us move forward as we continue to adapt to the ever-changing world, improving the health, well-being, and quality of life for those we serve.
